Used fonts: Futura Hv BT, Franklin Gothic Medium Cond, Futura Bk BT.

FSBR instruction card confirmed.

The FSBR-2 card is based on an image from the www.ipdb.org and owner information.

The operator could set the game for 3, 4, 5, or 6 double targets hit for one replay.

They could also select 5, 6, 7, 8, or 9 for homers for one replay.

Maybe some cards had blanks for those two numbers and you would write whatever combination you wanted because you would have 20 or more possible combinations.

It's unlikely that many cards were released.

To compensate I've included cards with a blank space on the places.

If you have any other information about these cards, please send a readable picture or scan to me.

Enjoy and have fun,

Peter
