This file can be used to replace the faded numbers on the large Williams 4" score reels  
Just print them on sticky paper.  
Long strips are 330x29mm in size.  
330mm is a bit too long, so cut to size.  
Paper size is A3 (297x420mm).

Use the PDF file for printing because of the special font used (Carre.ttf; specially made for me).

Enjoy and have fun,  
Peter
